

Sample Navy Rating Exhibit

ID Number. An eight- or nine-character code assigned by ACE to identify each rate or rating exhibit.

NER-AG-002

AEROGRAPHER'S MATE

AG3

AG2

AG1

AGC

AGCS

AGCM

Title. The official Navy title of the general rate or rating during the period of the exhibit dates.

Rating Designation. The official Navy system of identifying occupations and their levels; listed in ascending order according to rate.

Exhibit Dates: 1/91–11/01.

Exhibit Dates. Start and end dates by month and year. An end date of "Present" indicates that the general rate or rating still exists. "Pending Evaluation" means that the general rate or rating is scheduled to be evaluated.

Occupation Field. Two digit number and title designating a group of related ratings.

Occupational Field: 23 (Meteorology).

Career Pattern

AN: Airman (E-3). **AG3:** Aerographer's Mate, Third Class (E-4). **AG2:** Aerographer's Mate, Second Class (E-5). **AG1:** Aerographer's Mate, First Class (E-6). **AGC:** Chief Aerographer's Mate (E-7). **AGCS:** Senior Chief Aerographer's Mate (E-8). **AGCM:** Master Chief Aerographer's Mate (E-9).

Career Pattern. Path of advancement. Shows prerequisite general rate and subsequent progression in a rating; the designation is provided for each rate, followed by the title and paygrade (in parentheses).

Description. A summary description applying to all rates, and a separate description of the skills, competencies, and knowledge required for proficiency in each rate.

Description

Summary: Observes, collects, records, and analyzes meteorological and.... **AG3:** Identifies the types.... **AG2:** Able to perform the duties required for AG3; checks surface observations for accuracy prior to transmission.... **AG1:** Able to perform the duties required for AG2; prepares short-range (up to 24 hours) environmental **AGC:** Able to perform the duties required for AG1; interprets ocean thermal **AGCS:** Able to perform the duties required for AGC; evaluates recent meteorological and **AGCM:** Able to perform the duties required for AGCS; prepares statistical analyses of

Team Review Date. Date when the rate/rating was last evaluated by a team of faculty members drawn from academia. This information is particularly useful in subject areas where state-of-the-art is important in determining the applicability of credit. ACE's policy is that Team Reviews must occur at least every ten years.

Recommendation. By rate. Only the recommendation for the *highest* rate held should be used; the recommendations should *not* be added. Educational credit is expressed in semester hours and recommended in four categories: vocational certificate, lower-division baccalaureate/associate degree, upper-division baccalaureate, and graduate degree.

Recommendation, AG3

In the lower-division baccalaureate/associate degree category, 2 semester hours in meteorology... and 3 in computer familiarization (12/01)(12/01).

Review Date. Most recent date the rate/rating was reviewed, either by an academic team or in-house by ACE (in-house reviews are conducted when changes to rate/rating content are minor).

Recommendation, AG2

In the lower-division baccalaureate/associate degree category....

Recommendation, AG1

In the lower-division baccalaureate/associate degree category....

Recommendation, AGC

In the lower-division baccalaureate/associate degree category....

Recommendation, AGCS

In the lower-division baccalaureate/associate degree category....

Recommendation, AGCM

In the lower-division baccalaureate/associate degree category.... In the upper-division baccalaureate category, 1 semester hour in atmospheric physics...and 3 in management problems (12/01)(12/01).
